

COMPANY OVERVIEW

WHAT WE DO

Contrasol solutions (PTY) Ltd is a Internal and External Sun shading specialist company ,focused on protection of the façade internal climate and ambiance providing maximum glare and heat control.

We provide both local and international sun shading systems offering the latest roller blind and venetian blind technology manufactured with high quality materials and attention to details.

Our main expertise lie in the introduction of specialized sun protection systems and products complimenting for the needs of environmental energy efficient building projects and lowering the energy costs during the life of the building in the commercial and residential sectors .

We cover the design ,supply ,install ion and maintenance of the systems with a vast range of products such as roller blinds ,block out blinds ,venetian blinds ,window automation and control system technology .

BACKGROUND MARKET EXPERIANCE

Hugo Fernandes Director of Contrasol (PTY)LTD has been in the industry for over a decade and has worked extensively on Fully Automated Sun Tracking systems on some of South Africa's most exclusive commercial buildings such as The Standard Bank Head Office – Rosebank ,Discover Head Office - Sandton, The Sasol Head Office – Sandton, Webber Wentzel Law Firm and the Old Mutual Office – Sandton ,PWC Head Office – Waterfall IBM Building ,Total Head-Office ,Rosebank to name a few.

He is experienced to undertake the full the intent and design scope for any Fully Automated Sun tracking control system for any size building ,whether it be for basic stand alone system or fully integrated BMS systems.

“Part of my work is to ensure that we have met our design criteria as set out by our clients and ensure that we have sourced the right fabrics and matching them up with the right control system suited for the project”.

Hugo brings with him 16 years of architectural experience which give him a thorough knowledge and understanding of building design and ascetics, and 10 years as façade blinds and a controls specialist to the company having worked with well known international blind brand manufactures and is well positioned in the blind market.

Hugo prides himself as being one of the most experienced Sun shading specialist in the country having been involved in the most prestigious and iconic buildings since 2011 which all have gained 5 Star ratings in the Green Building Council movement .His confidence brings clarity to any project and his experience to sit amongst the design team will help ensure that every project will meet its design integrity from inception to final commissioning .
