## **OUR BACKGROUND:**

### **What we *ARE* about:**

Whether you are in Property Development, Architectural Design or Home Improvements, we will always provide a solution for your needs. Ethnique Aluminium Architects(Pty) Ltd specializes in the manufacturing and installation of high quality, durable and hard wearing aluminium products such as aluminium doors and windows. With manufacturing facilities in Gauteng, our objective is to become the vehicle via which our clientèle is assured of the manufacturing of their customized aluminium designs at affordable pricing.

Our main focus is small to medium commercial and residential projects. Ethnique Aluminium Architects(Pty) Ltd manufactures aluminium doors and windows that will not rust, bend or twist and will not require maintenance over the years. Our doors and windows will not get corroded or lose their colouring because of sunlight. Aluminium doors and windows are better looking than other alternatives and the installation of aluminium doors and windows will increase the value of your property. Our products are exceptionally strong, secure and durable, they do not absorb water and cannot rot like other window and door material. EAA aluminium products hold their colour, are maintenance free and can be wiped clean.

### **What we *ARE NOT* about:**

- Our goods and services will **NOT** disappoint our customers, we manufacture using quality materials.
- We do **NOT** use agents or outsourced services to manufacture our products.
- You will **NOT** find our products at retail outlet.
- Our services do **NOT** include building alterations.
- We are **NOT** a lending entity.
