Specialists

SELLING your property?

Pest Control Specialists SPECIALISE in
certificate of clearance inspections

- Inspection for Wood Destroying Organisms such as woodborer beetle, termites and wood rot which causes damage to structures and compromise timber.
- An inspection report and SAPCA certificate will be issued if no activity is found.
- In the event of activity you will be given advice to consider:
 - A quotation for the relevant treatment will be issued.
 - The treatment will be performed.
 - The certificate of clearance will be issued with reference to treatment applied.
- Our Woodborer Inspector is qualified and registered.
