- Welcome to Vast Construction Projects; turn-key project provider, for project solutions and peace of mind.
- Vast Construction Projects offers a total-turn-key-solution to our clients. We facilitate projects and offer a range of products and services in order to simplify our clients' needs so as to deal with one supplier, one developer and ultimately one face within one project.
- Our experienced and highly trained teams are selected specifically for every project to ensure you get the most out of your experience with us; whilst we offer such services as small in-house repairs to large commercial developments. We oversee a project from the planning phase; site establishment and measuring; project management, to hand-over and soft opening.
- We form an integral part of the project and the commitment of our business and partners with a combined experience of over 40 years make us an excellent team.
- All personnel are trained by senior management on the correct application and use of all safety equipment and procedures.
- Quality and client satisfaction are our utmost concerns.
